

A photograph of a dirt path leading through a grassy field towards a line of trees. The path is narrow and appears to be made of compacted earth. The grass is green and somewhat overgrown. The trees in the background are dense and green, with some sunlight filtering through the canopy. A small red marker is visible on the left side of the path in the distance.

In 1868 terug opgebouwd op initiatief van pastoor Filleul die een stukje grond kocht van een landbouwer om er deze kapel op te zetten.
